

# Hope

Did you know that these amazing lizards are able to jump from tree to tree?  
They look like they are flying in the air - actually gliding!  
Now that's showing hope that you can do anything!

This lizard needs some color...  
Can you color the lizard to match the colors of a rainbow of hope?

Breathing in: I feel good things coming my way.  
Breathing out: I'm hopeful about the day!
