

Wholeness

The ocean is whole and has so many unique creatures in it!

Oceans waves - imagine being so large that you cover almost the entire ocean!

Giant Clam - Imagine being the largest mollusk in the ocean!

Giant Kelp (Seaweed) - many animals use it for their homes!

Sea Star - Imagine losing a leg and being able to grow back a new one!

Sea Cucumber - Imagine growing back if cut in two!

Blue Whale - imagine being the biggest animal in the world!
